Reliability Driven by Innovation

CE CB

CGT Series

Commercial HVLS fan

FEATURES

Energy Saving

Permanent Magnet Motor with IP65 Rating that provides innovative core heat dissipation design

Wide Coverage Area

That resembles natural breeze which can decrease temperature by 4-8°C depending on site

Maintenance Free

Blade is made of light weight aluminum alloy airfoil blades with coating for best performance

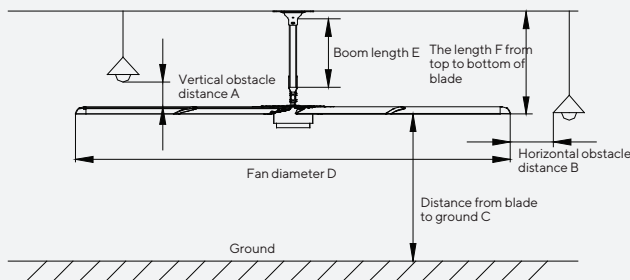

Ultra Silent

Blade design and motor adopted with latest technology that creates minimal noise.

TECHNICAL DATA

Model	Size	Power		Speed rpm	Air Volume		Air Covering Area (m ²)	Optimum Area (m ²)	Noise (dB)	Fan Weight (kg)
		W	A		m ³ /min	cfm				
CGT-25W	2.5m / 8ft	150	0.35	120	3600	127,133	225	56	39	32
CGT-30W	3m / 10ft	260	0.72	110	5250	185,402	330	115	39	34
CGT-36W	3.6m / 12ft	325	1.2	85	5850	206,591	425	165	39	37

DIMENSIONS

Model	A	B	C	D	E
CGT-25W	≥300mm		3-6m	2500mm	Hoist length is 500mm and customized according to site requirements
CGT-30W	≥300mm			3000mm	
CGT-36W	≥300mm			3600mm
