Reliability Driven by Innovation

CE CB

IGT Series

Industrial HVLS fan

FEATURES

Energy Saving

Permanent Magnet Motor with IP65 Rating that provides innovative core heat dissipation design

Wide Coverage Area

That resembles natural breeze which can decrease temperature by 4-8°C depending on site

Maintenance Free

Blade is made of light weight polymer composite material with excellent anti-collision performance.

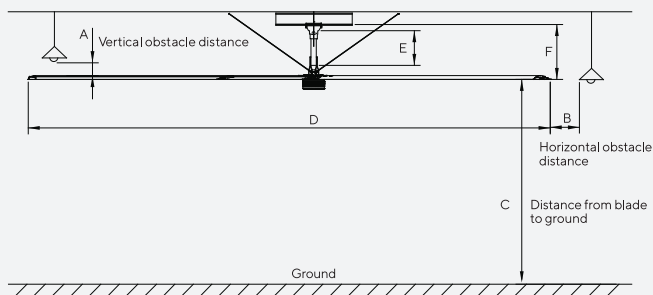

Ultra Silent

Blade design and motor adopted with latest technology that creates minimal noise.

TECHNICAL DATA

Model	Size	Power		Speed rpm	Air Volume		Air Covering Area (m ²)	Optimum Area (m ²)	Noise (dB)	Fan Weight (kg)
		W	A		m ³ /min	cfm				
IGT-43W	4.3m / 14.1ft	480	1.5	90	8,500	300,175	610	250	39	52
IGT-49W	4.9m / 16.1ft	720	2.3	85	10,500	370,804	700	360	39	55
IGT-55W	5.5m / 18ft	850	2.9	80	12,000	423,776	800	450	39	75
IGT-65W	6.5m / 21.3ft	1100	4.2	66	14,900	526,189	1100	650	39	80
IGT-73W	7.3m / 24ft	1250	5	56	17,800	628,601	1375	840	39	84

DIMENSIONS

Model	A	B	C	D	E
IGT-55W	≥400mm		4-12m	5500mm	Hoist length is 750mm and customized according to site requirements
IGT-65W	≥400mm			6500mm	
IGT-73W	≥400mm			7300mm
