CUBEPRO

SMART & SILENT PUMP

FEATURES

Ultra Silent

Using the latest technology, equipped with a high-efficiency permanent magnet motor vibrations and noise are substantially reduced

Smart Control

Built-in smart controller ensures a constant water pressure even when multiple faucets are open simultaneously.

Hygiene

Internal parts are certified by the NSF/ANSI (American National Standards Institute) standard to ensure that users can enjoy a worry-free water supply.

Innovative Design

Experience the epitome of sophistication with our latest design that seamlessly blends elegance, modernity, and functionality

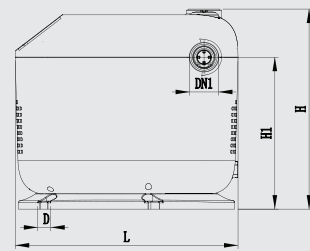

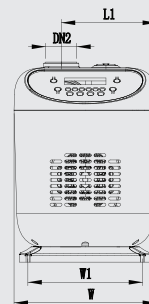

CUBEPro is fitted with advanced pump control technology, allowing it to adapt its operation seamlessly to meet your preferred water pressure. Its built-in sensor swiftly detects fluctuations in inlet pressure or multiple showers being used, prompting the pump to swiftly increase pressure.

- Consistent water pressure
- Cost-effective
- Minimal noise
- Space-efficient design
- Integrated unit
- Intuitive control panel
