Reliability Driven by Innovation

DF Series

Low Noise Axial Duct Fan

FEATURES

- ✓ 100% Full Copper Motor
- ✓ Low noise, high efficiency and stable air pressure
- ✓ Designed with grill for safety bracket for easy installation
- ✓ Body structure is made of cold rolled steel plate which is stronger and suitable for high-stress application.

SPECIFICATION

Model	Diameter of blade	Power (kW)	Voltage	Air Flow (m ³ /min)	Speed (rpm)	Pressure (Pa)	Outline dimensions (mm)
							A/B/C/D/N-d/L/L1
