Reliability Driven by Innovation

HVF Series with Inverter

Portable Drum Fan

FEATURES

Energy Saving Mode

Adopted with our Permanent Magnet Synchronous Motor which delivers exceptional efficiency and durability for industrial and commercial usage

Long Distance Coverage

Engineered with our innovative design, our product not only has high airflow but also long wind distance up to 30 meters

Airfoil Blades

By using our airfoil blades commonly used in aviation, it can withstand tough conditions which provides longer lifespan and durability

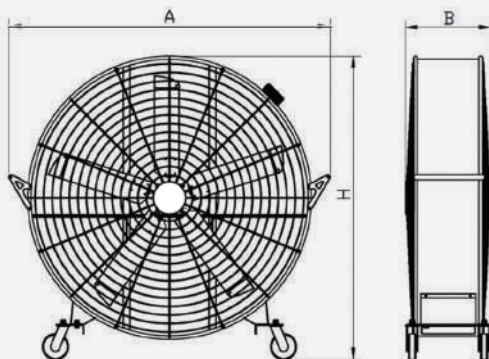

Thick Grill

Safety measure to minimize damage from environmental factors and fan blade.

SPECIFICATION

Model	Size (mm)	Power	Voltage	Air Volume (m3/min)	Speed (rpm)	Noise (db)
HVF-1500i-60	1500	620W	240V	2500	400	<65

DIMENSION

Model	Dimension (mm)			Weight (kg)	
	A	B	H	N.W	G.W
HVF-1500i-60	1873	498	1872	120	-
